

GEMS ASA and ECA Programmes
Expression of Interest for GEMS Teachers
(EOI)
(2017)

January 2017

Dear Colleagues

As you may be aware, Academy Plus is a new entity, under GEMS, that supports and works with schools to deliver a wide range of after-school activities (ASA's). These activities generally are delivered by third party providers and deliver programmes such as music, languages, arts, dance, robotics, STEM activities, financial literacy, sports and much more.

We are now looking to build on this expertise and would like to hear from qualified teachers who would be keen and interested in delivering after-school activities, weekend programmes and/or holiday programmes to students and/or parents. Applicants should be a GEMS employee, have an internationally recognised teaching qualification and accept that this work would be in addition to their current teaching contract.

Will teachers get paid?

Yes, teachers will receive remuneration at a standard hourly rate that is consistent and standardised for all teacher led activities. This rate is inclusive of planning and reporting appropriate for the respective activity.

When will those who express an interest know if they have been selected to teach?

Once the EOI's are received, an internal selection process will consider the skills, qualifications and experiences of the teacher. We will also require respective Principal's approval for the applicant to be considered. Successful teachers will be notified as soon as possible following an interview process.

When will the Academy Plus programmes start?

The term-time programmes typically start at the beginning of each term and last for around 10 weeks. This is normally, one hour a week. Depending on the levels of interest and type of activity, the session lengths and frequency of lessons may vary but this will be in consultation with the teacher.

Weekend programmes often are longer sessions and again last for around 10 consecutive weekends - normally only on a Saturday. Holiday programmes tend to be delivered in blocks of either one or two weeks. We expect teachers to be available for whole blocks during these programmes.

If you have any further questions then please do not hesitate to contact the Academy Plus team. Please send your Expression of Interest form to academyplus@gemseducation.com by 31st January 2017.

We look forward to hearing from you.

Kind regards

Graham Corbyn
